

Eagles News August/September 2012

Mid-Year at Eagles

It is hard to believe that this year is already more than half-way over. How time flies! Throughout this year God has proven Himself faithful. He has worked in the students' lives and brought good times here on the farm. One of our students lead a prayer time recently. He began by sharing that while he has been at Eagles he has seen great things, had wonderful experiences and eaten well. His conclusion was that God has truly allowed him to taste and see that God is good. Our prayer is that God will do the same for you by making His goodness tangible in your life. We hope you enjoy seeing images of things going on around the farm this past month.

~ Blessings from The Eagles Team

Soccer Events: Every year the students go to a soccer outreach in Worcester. This year was the biggest

event they have ever been a part of. We worked with Solid Rock, Samaritans Feet, International Sport Leadership School (ISLS), and South African Table Grape Institute (SATI). There were 538 youth plus coaches that attended. Students prayed over each youth and gave them each a pair of shoes supplied by Samaritans Feet. The coaches

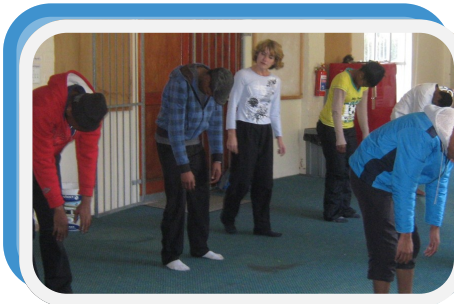

where given shoes to take back to more youth in their communities. It was an amazing experience and the students were overjoyed seeing the young ones getting a pair of shoes. Each of the students have also received a pair of soccer boots and a pair of tekkies through the sponsors of the event.

Winter Fire Wood: This big machine is one of the machines that's helping us to get wood ready for this cold winter we are in. The amazing thing is that this is still used in an old fashion way of starting a

machine by using your hands to spin it to turn it on. Each cold night as students huddle around the fireplace, we are so thankful for wood on the farm to keep us warm!

Keeping Classes Fun: Drama is still one of the students' favourite classes. This photo is of their warm-up's before classes get started. Students find these excises entertaining and fun!

Sharing with Local Churches: We had a great time sharing with a group at the Heldeberg NG Kerk. It was a wonderful time of encouraging those attending that God is doing great

things among the youth of this nation. Students also sang and shared testimonies. In the end we prayed for those attending and they shared encouraging words with the students. It was a blessed time!

Birthdays at Eagles: This year Friends Church began a new tradition at Eagles. Someone in the church bakes and decorates a beautiful birthday cake for each student's

games for an after-school Kid's Club. We just celebrated the one year birthday of Kid's Club and almost every kid in the Village came out for the celebration and gospel dramas. There were over 500 children with us that day.

birthday. It is so much fun to see what the next cake will look like. And even more exciting to discovered what kind of cake is under the frosting. Each cake has been delicious and it adds to the students' birthday celebrations. For many students it is a first birthday cake. Thanks Friends for doing so much for our kids!

Amazing Outreaches: Each Friday students reach out to local areas. One group goes to Sir Lowry's Pass Village and works with Hope and Light to do Bible Lessons and

Prayer Requests...

- * Please pray for opportunities for students future work and studies. Finances and open doors!
- * Please keep the students' health and protection of their families in your prayers. We have had many battles with health issues for students this year. In addition four students have had immediate family members die over the past month or so. The battle for them to live in Christ's full victory is big and they need so much prayer for His complete breakthrough in their lives—spiritually, emotionally, and physically.
- * For our end of the year program this year we have decided to do 10 days of extreme outreach in the first of November. We hope to go into some of the areas students have reached out to in the past and see God move in big ways, so big that each student's view of God will be forever impacted. Please pray for wisdom in our planning and for God to show up in big ways during this final outreach of the year.

Praise Reports...

- * Second year students are beginning to have opportunities open up for their future studies and work. One of the first big breakthroughs in this area this year was this past month as Iviwe was sponsored for a one-week training with the School of Shipping and is now praying for a learnership opportunity.
