Albertinia Outreach!

We trust you enjoy seeing some photos as we share about the amazing outreach we had in Albertinia from 29 June to 6 July! We worked with an average of 250 kids each day through Children's Bible lessons and games. Every evening we had youth gatherings as well.

Our students did so well and we couldn't have been more proud! They applied the skills they have learned all year during their weekly Friday outreaches and were able to spend a full week having dynamic impact on the children and youth of Albertinia. Enjoy the pics!
